WHO WE ARE

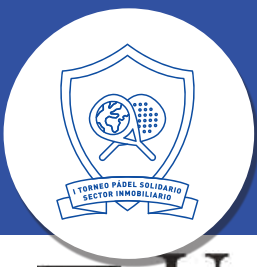

WE GATHER THE PROFESSIONALS OF THE REAL ESTATE SECTOR OF THE COSTA DEL SOL TO SUPPORT A GOOD CAUSE

"We wanted to help people less fortunate than us and give children a chance in life. The real estate sector and residential tourism are increasingly important for the Costa del Sol, and that is why we had the idea of joining forces with all the professionals in the sector for a good cause, and a paddle tennis tournament was the starting point from the than from which a fairly complete event has arisen."

José Carlos León

José Carlos, always wanted to do something more for the community to help those in need, and was inspired by the trips of one of his employees, María José Jiménez, who returned from a trip to Uganda to help the children of the village whose school had been partially destroyed by storms, and José Carlos came up with the idea to create a Solidarity Padel Tournament of the real estate sector.

We also put drinking water through a tank that was filled by rainwater pipes, solar panels, toilets and furniture for the school.
